Commissioner for Patents

The reply filed on 04/25/2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants have identified the different groups of invention as "species" which is incorrect. Please note that there is an error of the listed claims in group I in the restriction requirement. The claims listed for group I should have been 1-8, 17 and 18. The different groups are drawn to patentably distinct inventions. Applicant is required to elect one of these groups. Applicant is further required to elect a single disclosed compound (this is the species). A species is a fully defined chemical compound. Applicant is advised to look at the examples in selecting a species. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
